Summary

UI/UX & Full-Stack Developer with 4+ years of experience crafting user-centred digital products. Proven record of building scalable web applications and high-impact interfaces using Next.js, React, TypeScript, and Figma. Delivered B2B e-commerce platforms, Shopify D2C storefronts, and real estate portals with measurable results — including 80% traffic growth, a 70% reduction in operational overhead, and higher conversion through data-driven design and marketing.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend & Design: React.js, Next.js 14, Tailwind CSS, Figma, Adobe XD, Responsive Design

Backend & Data: Node.js, Express.js, MongoDB, RESTful APIs, Google Sheets API, PDF Generation

E-commerce & Growth: Shopify (Liquid), Social Media Marketing, Meta Ads, SEO Optimisation

Tools: Git, Adobe Creative Suite, AI-assisted Workflows (Midjourney, ChatGPT)

Professional Experience

Full-Stack Developer & UI/UX Designer

Jan 2025 – Present

Aravalli Designs, Jaipur, India

- Architected and deployed a full-stack B2B e-commerce platform (Ethnics by Aravalli) using Next.js 14, TypeScript, and MongoDB, serving 50+ retail partners with real-time inventory management
- Engineered an automated PDF-invoicing system integrated with the Google Sheets API, eliminating 80% of manual paperwork and reducing order processing time by 70% (20+ hours weekly)
- Designed, built, and marketed Ekohum, a Shopify (Liquid) D2C brand — storefront plus social media marketing that grew Instagram engagement 45% and followers by 200+
- Optimised performance to a 95% mobile responsiveness score and 40% faster load times via code splitting, lazy loading, and image optimisation; implemented SEO and structured data to improve organic acquisition

UI/UX Designer

2022 – 2023

TSSS Infotech and Infra, Hyderabad, India

- Designed a real estate website architecture that increased web traffic by 80% and generated 30% more qualified leads, directly contributing to revenue growth
- Redesigned interfaces based on analytics and A/B testing, lifting user engagement 30% and conversion 25%
- Led a mentorship program for 3 junior designers, improving team productivity 40% and reducing ramp-up time 50%

Graphic Designer

2020 – 2022

TSSS Infotech and Infra, Hyderabad, India

- Delivered high-impact visual designs across client projects while maintaining a consistent brand system, increasing customer engagement 35%
- Streamlined design workflows and established reusable component libraries, reducing project delivery time 30%

Technical Projects

Ethnics by Aravalli – Custom full-stack B2B e-commerce platform for 50+ retailers with automated order processing, inventory management, and PDF invoicing. Built with Next.js 14, TypeScript, MongoDB, and the Google Sheets API.

Ekohum – Shopify (Liquid) D2C ethnic-wear brand — storefront design and build plus social media marketing (+45% Instagram engagement, +200 followers).

TSSS Real Estate Platform [\[Live\]](#) – Full-stack real estate website with property listings, search, and lead generation. Increased traffic by 80% and leads by 30%.

LedgerAI – AI-assisted expense, GST, and cash-flow tracker for Indian small businesses. Built with Next.js, TypeScript, MongoDB, and the OpenAI API.
